IN THE BEST COMPANY.

It's rare to encounter a vehicle that doesn't just meet one's expectations, it also goes beyond them. What's more, with the new BMW 6 Series, the experience is three-fold: with Gran Coupé, Coupé and Convertible models each setting the standards when it comes to luxury, sportiness and elegance.

EXPERIENCE ALL
THE HIGHLIGHTS IN
THIS SHORT FILM.

MAKES EVERY ROAD A RED CARPET.

One thing is certain: its appearance captures the attention. The elegantly modelled rear profile of the new BMW 6 Series Gran Coupé and the sleek lines of its flanks make it clear – luxurious design and leading-edge performance make an outstanding partnership.

650i available in Sport and M Sport variants.

LUXURY TAKES A NEW FORM.

Rediscover luxury: standing on BMW Individual 20" light alloy wheels, the new BMW 6 Series Gran Coupé is evidently on top of things. The same is true when it's out on the road, where the day-to-day dynamic superiority cannot be doubted. And the next day cannot come soon enough.

PERFORMANCE REFINED.

FEEL PERFECTION.

Take your seat and look around. See for yourself how everything in the interior of the new BMW 6 Series Gran Coupé combines absolute luxury with exceptional comfort. The high-quality, meticulously crafted materials and the flawless design surpass the most exacting expectations – and, thanks to BMW Individual, your personal wishes are transformed into road-going reality.

inspired by **BMW Individual**

TWO ROUTES. ONE GOAL.

WHEN LOUD SOUNDS GOOD.

Power – a message that comes through loud and clear when the new 650i BMW TwinPower Turbo eight-cylinder petrol engine makes the air vibrate. The sound is both sonorous and forceful. And it's a performance that ensures that the new BMW 6 Series Coupé always gets the best reception.

TOO GOOD-LOOKING FOR THE RACETRACK.

The re-designed kidney grille of the new BMW 6 Series Coupé elegantly expresses the consistently dynamic character of this vehicle – a promise that is more than delivered on the road. Precise steering coupled with a seemingly endless capacity to accelerate give every drive an unmistakable motor sport feel.

Experience the light, the air and the flowing lines – in the new BMW 6 Series Convertible. This enthralling overall impression is perfectly complemented by fine details such as Exclusive Nappa leather in bi-colour Cognac/Black. And it all comes together to create another world where driving under the open skies is a truly unique pleasure.

OPEN-TOP PLEASURE.

ITS ELEGANCE IS AN OPEN SECRET.

For all to see, but only you can feel it: take the highly functional and ergonomically designed steering wheel into your hands. Discover the select interior materials and the comfort of the leather seats – and experience luxury and elegance that will delight you again and again.

THE OUTLOOK: LUXURIOUS TO SPORTY.

Luxurious. Sporty. Elegant. Values that make the new BMW 6 Series models unmistakable and also unique in themselves. Which means that the Gran Coupé, the Coupé and the Convertible are always to be found exactly where they belong: at the centre of attention.

INNOVATION AND TECHNOLOGY.

BMW TWIN POWER TURBO ENGINES: At the heart of BMW EfficientDynamics.

BMW EFFICIENT DYNAMICS: The joys of reducing consumption.

BMW CONNECTED DRIVE: Services & Apps and driver assistance.

CHASSIS: Innovative systems for more driving pleasure.

SAFETY: Technology at the highest level.

BMW TwinPower Turbo engines.

At the heart of BMW EfficientDynamics.

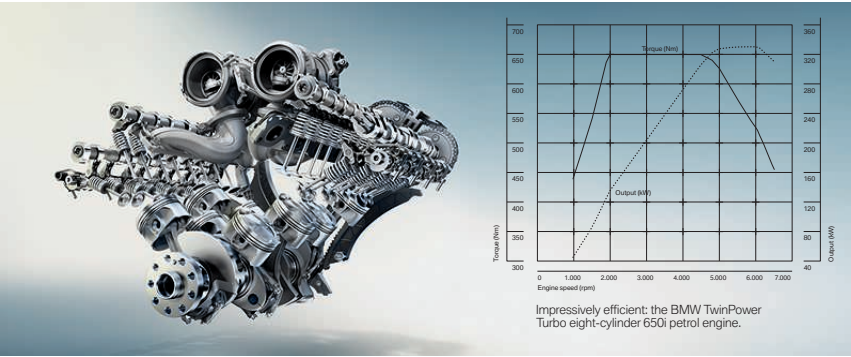

Thanks to BMW TwinPower Turbo technology, the innovative petrol and diesel powerplants from the BMW EfficientDynamics engine range deliver significantly more dynamic power development and excellent responsiveness, even at low engine speeds, while being exceptionally fuel efficient and low in emissions. It's a compelling combination that guarantees noticeably more intense driving pleasure.

BMW TWIN POWER TURBO EIGHT-CYLINDER 650i PETROL ENGINE.

Commanding acceleration – all any BMW driver could wish for: thanks to its exceptional responsiveness and high power reserves, the **BMW TwinPower Turbo eight-cylinder petrol engine** from the EfficientDynamics engine range impresses in every situation. This powerhouse combines two turbochargers with VALVETRONIC variable valve control including Double-VANOS and High-precision direct injection. At engine speeds between 2,000 and 4,500rpm, it generates impressive maximum torque of 650Nm. With a maximum output of 450hp (330kW), the V8 propels the vehicle from 0 to 62mph in a mere 4.6 seconds.

BMW EFFICIENTDYNAMICS.
LESS EMISSIONS. MORE DRIVING PLEASURE.

BMW 640i. Gran Coupé / Coupé / Convertible

- BMW TwinPower Turbo six-cylinder inline petrol engine with 320hp (235kW) and 450Nm of torque
- Acceleration 0 to 62mph: 5.4 / 5.3 / 5.5 seconds
- Top speed: 155mph (250km/h)
- Combined fuel consumption:
 - Gran Coupé: 36.2–37.2mpg (7.6–7.8l/100km)
 - Coupé: 36.7–37.2mpg (7.6–7.7l/100km)
 - Convertible: 35.8–36.7mpg (7.7–7.9l/100km)
- CO₂ emissions:
 - Gran Coupé: 178–182 g/km
 - Coupé: 176–180 g/km
 - Convertible: 179–184 g/km

BMW 650i. Gran Coupé / Coupé / Convertible

- BMW TwinPower Turbo eight-cylinder petrol engine with 450hp (330kW) and 650Nm of torque
- Acceleration 0 to 62mph: 4.6 / 4.6 / 4.6 seconds
- Top speed: 155mph (250km/h)
- Combined fuel consumption:
 - Gran Coupé: 32.1mpg (8.8l/100km)
 - Coupé: 32.1mpg (8.8l/100km)
 - Convertible: 31.0mpg (9.1l/100km)
- CO₂ emissions:
 - Gran Coupé: 206g/km
 - Coupé: 206g/km
 - Convertible: 213g/km

BMW 640d. Gran Coupé / Coupé / Convertible

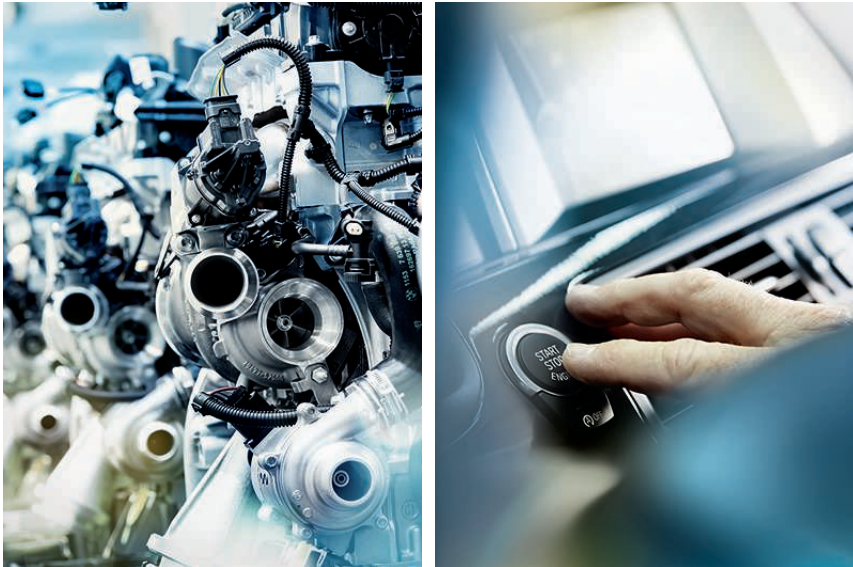

- BMW TwinPower Turbo six-cylinder inline diesel engine with 313hp (230kW) and 630Nm of torque
- Acceleration 0 to 62mph: 5.4 / 5.3 / 5.5 seconds
- Top speed: 155mph (250km/h)
- Combined fuel consumption:
 - Gran Coupé: 49.6–51.4mpg (5.5–5.7l/100km)
 - Coupé: 51.4–52.3mpg (5.4–5.5l/100km)
 - Convertible: 48.7–50.4mpg (5.6–5.8l/100km)
- CO₂ emissions:
 - Gran Coupé: 147–152g/km
 - Coupé: 143–147g/km
 - Convertible: 149–153g/km

Fuel consumption and CO₂ emissions figures are affected by chosen wheeltyre size.

BMW EfficientDynamics

Making light work of lower fuel consumption.

BMW EfficientDynamics is the ground-breaking strategy developed by BMW to minimise fuel consumption and emissions while simultaneously increasing dynamics and driving pleasure. It is a comprehensive package that includes the **drivetrain**, **energy management** and the BMW EfficientLightweight **vehicle concept** – and it is standard in every BMW.

DYNAMIC AND EFFICIENT: THE EIGHT-SPEED SPORT AUTOMATIC TRANSMISSION WITH STEPTRONIC.

The **eight-speed sport transmission with Steptronic** adapts to suit individual driving styles. It is perfect for everything from comfortable cruising through to a very dynamic drive. As well as automatic gear selection, it is also possible to change gears manually. Gears can be shifted using the dynamically designed gear lever or the paddles on the steering wheel.

DRIVETRAIN.

The BMW TwinPower Turbo **petrol engines** feature remarkably dynamic power development and excellent responsiveness, even at low engine speeds. They are also more efficient, with lower emissions and even better performance than their predecessors.

The BMW TwinPower Turbo **diesel engine** is notable for its outstanding responsiveness and spirited power delivery at any engine speed. It is also outstandingly dynamic, highly fuel-efficient and low on emissions.

OVERALL CONCEPT.

Intelligent lightweight construction, for BMW, means using the right material in the right place. This philosophy, also known as the BMW EfficientLightweight concept, is today integral to the BMW EfficientDynamics strategy and is applied, as standard, in every BMW. The result is reduced fuel consumption and even better performance, while maintaining the highest safety standards. The leading example is the new BMW 640d Coupé which emits only 143-147g/km of CO₂ (combined), the best figure in its class.

ENERGY MANAGEMENT.

ECO PRO mode helps drivers reduce fuel consumption by up to 20%, depending on their driving style (according to an internal BMW study). The route-ahead assistant and ECO PRO route make it possible to save a further 5%.

Auto Start-Stop switches off the engine when the vehicle comes to a temporary standstill (e.g. at traffic lights or in a traffic jam) to further reduce overall fuel consumption. When the driver takes their foot off the brake, the engine automatically restarts in a fraction of a second.

With **Brake Energy Regeneration**, the alternator generates electricity primarily when the driver brakes or takes their foot off the accelerator. Previously unused kinetic energy is thereby transformed into electrical energy and fed into the battery.

BMW ConnectedDrive

In touch with your world.

Our world is becoming more connected every day with instant access to information at anytime and anyplace. With your BMW being an integral part of your lifestyle we believe it's important that you can keep up to date from the behind the wheel. BMW ConnectedDrive delivers intelligent solutions that allow you to remain connected whilst on the move.

Advanced driver assistance systems can connect you to the outside world so that you know exactly what is happening around you, premium traffic solutions ensure you are taking the most time efficient route whilst online services provide direct access to information about your current location or chosen destination. Today, driving enjoyment is derived as much from being informed and relaxed as it is from impressive performance and efficiency – discover how the comprehensive range of **ConnectedDrive** technologies can enhance the connected capabilities of your Ultimate Driving Machine.

For more information please visit:
www.bmw.co.uk/connecteddrive
www.bmw.ie/connecteddrive

Wherever your journey may lead, you can stay in touch with **BMW ConnectedDrive Services**. The range of innovative functions provide optimum integration between the driver, vehicle and the world outside - anytime, anywhere. The comprehensive range of advanced driver assistance systems from **BMW ConnectedDrive** seamlessly integrate the driver into their immediate environment. Headlights, sensors, cameras and radars can combine to ensure the driver is fully informed about what is happening around them, delivering superior comfort and convenience as well as enhanced safety for both passengers and other road users.

Head-up Display projects important driving information onto the windscreen, in your direct field of vision. The information displayed can be customised in the vehicle settings and includes the current speed of travel, navigation instructions or telephone and music listings. This convenient display ensures that your eyes are always on the road ahead for a safer driving experience.

Optional **Online Entertainment** provides direct and unlimited access to millions of music tracks from Napster without the need for a mobile or MP3 device in the vehicle. Also enables the use of up to three mobile devices to the Napster premier account (including the vehicle), allowing the customer to create a playlist at home and have this same playlist available to stream in the vehicle.

The **Driving Assistant Plus** option not only includes the Driving Assistant systems, Lane Departure Warning and Approach Control and Pedestrian Warning with Light City Braking function, but also Active Cruise Control with the Stop&Go function for additional support.

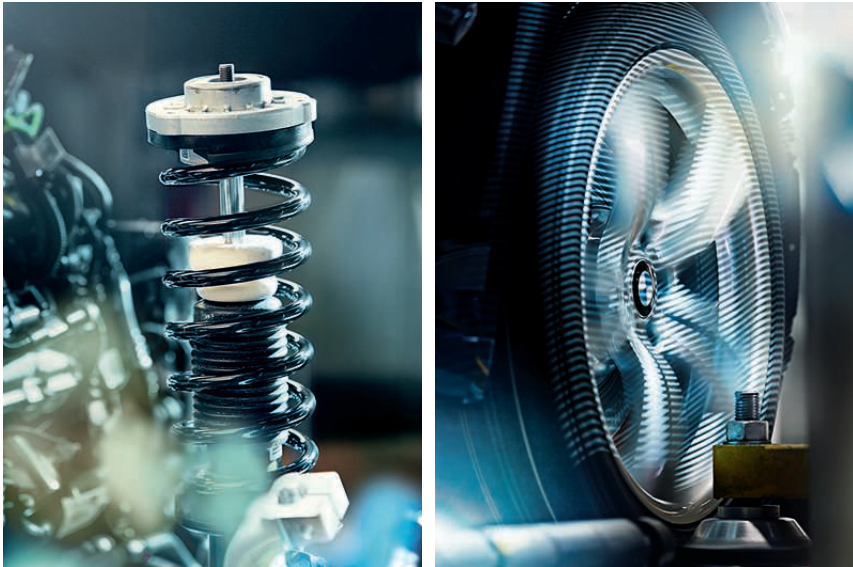

Optional **Park Assist** makes parallel parking effortless. When travelling at speeds below 20mph, the system searches for an available parking space. When a suitable space has been identified, the Park Assist function takes care of the steering, while the driver continues to operate the accelerator and brake pedals – supported by acoustic signals and instructions in the Control Display.

Suspension.

Innovative systems for more driving pleasure.

A wide range of innovative technology in the new BMW 6 Series line-up ensures that you thoroughly enjoy every journey. Many features are also intelligently networked, allowing you to experience maximum driving pleasure in the utmost safety.

DRIVE PERFORMANCE CONTROL.

Outstanding engine technology and the sophisticated interplay of chassis and transmission in the new BMW 6 Series result in an exhilarating driving experience.

The eight-speed **Sport automatic transmission** adapts to suit the driver's individual driving style. Its range is perfect for everything from comfortable cruising through to a very dynamic driving style. In Sport mode, the gearshifts are configured for maximum performance. It is also possible to change gears manually by using the gearshift lever or the steering wheel gearshift paddles.

Integral Active Steering combines variable Active Steering on the front axle with rear wheels that also contribute to steering based on speed. At lower speeds, it offers greater manoeuvrability and agility by turning the rear wheels in the opposite direction to the front wheels. At higher speeds, the rear wheels turn parallel to the front wheels, to increase stability and comfort.

Adaptive Drive combines the active body roll stabilisation functionality of Dynamic Drive and Dynamic Damper Control for need-based control of the stabilisers and dampers. It also provides maximum comfort while driving and more precise steering responses with less body roll. This allows the driver to take curves at greater speeds and enjoy shorter braking distances.

Dynamic Damper Control makes it possible to adapt the damper characteristics to suit any given driving situation. In the standard COMFORT mode, the dampers provide greater cushioning, while SPORT and SPORT+ modes feature much firmer settings for increased precision and more dynamic driving.

Drive Performance Control gives you a choice between Comfort mode for standard engine and transmission settings, ECO PRO mode for maximum efficiency, or Sport mode for even more dynamic performance. The frugal ECO PRO mode intelligently adapts the accelerator and transmission response and the heating/air conditioning strategy to lower fuel consumption by up to 20%.

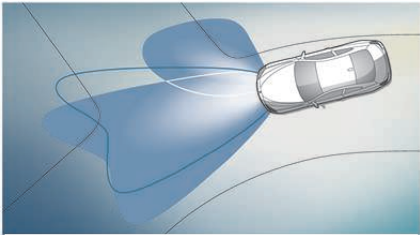

Safety.

Technology at the highest level.

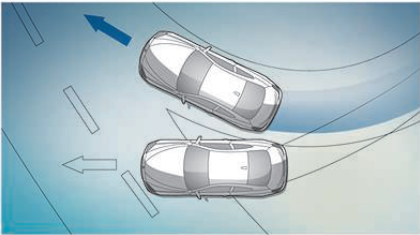

The new BMW 6 Series models are full of cutting-edge technology that can always be relied on. Superb handling characteristics and innovative equipment come as standard, giving the driver exactly the right support for any situation. It all means that you can feel safe in all road conditions.

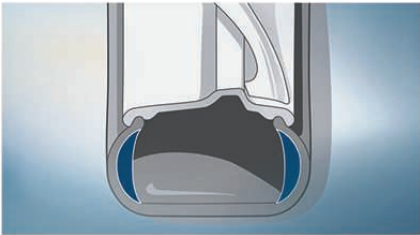

The new BMW 6 Series Gran Coupé, Coupé and Convertible are proof that elegance and safety can make an ideal partnership. The very latest technology ensures that every drive is both comfortable and safe. For instance, the cornering lights with variable light distribution, included in the Adaptive LED headlights option, follow the angle of the front wheels for improved visibility in every corner.

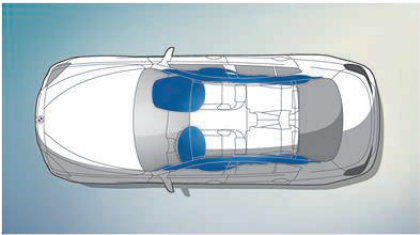

□ **Adaptive LED Headlights** with integrated low-beam and high-beam functions automatically adjust the light distribution to suit the driving speed, thereby dynamically illuminating the road ahead. BMW Selective Beam (anti-dazzle high-beam assistant), which automatically switches between the low and high-beam lights.

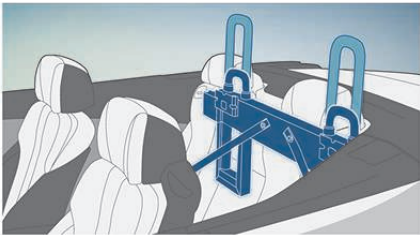

■ **Dynamic Stability Control (DSC)** uses sensors to constantly assess the vehicle's movements and automatically stabilises the car with engine and braking regulation when unstable driving conditions are detected.

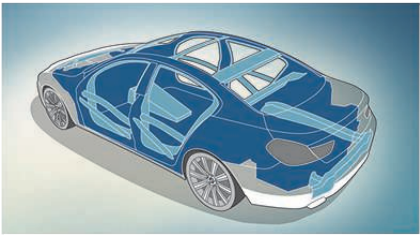

■ The **tyre pressure indicator** keeps the driver informed of pressure loss by means of a sensor. The air temperature is also monitored.

■ The **airbags for the driver and front passenger** are an integral part of the optimally coordinated safety components in a BMW. Overall, up to six airbags provide targeted protection.

■ The **roll-over protection system¹** includes roll bars integrated into the windscreen frame, as well as concealed roll bars behind the rear headrests. When the vehicle threatens to roll over, a spring-loaded mechanism pushes out the roll bars in fractions of a second.

■ The **body** is extremely rigid to ensure the best possible steering precision and dynamic agility. The front and rear are equipped with highly effective deformation zones.

¹ Only available for the BMW 6 Series Convertible.

INDIVIDUALITY AND VERSATILITY.

EQUIPMENT: SE, Sport, M Sport and BMW Individual, Equipment highlights, Light Alloy Wheels and Genuine BMW Accessories.

COLOURS: A world of colour for the exterior and interior.

TECHNICAL DATA: Facts, figures and dimensions.

BMW SERVICE: BMW Service, BMW Financial Services and BMW Experience.

SE MODEL.

[01 | 03] The new BMW 6 Series Convertible in optional Cashmere Silver metallic with 18" light alloy Star-spoke style 365 wheels, 8J x 18 with 245/45 R18 run-flat tyres.

[02] Standard interior highlights include Sport leather steering wheel with multi-function buttons and gearshift paddles, BMW Professional Multimedia Navigation system with 10.2" Control Display and BMW Advanced loudspeaker system with digital amplifier and nine loudspeakers.

[04] The elegant design of the interior is particularly enhanced by the standard Dakota leather upholstery, show here in Black with optional Sport seats.

[05] 18" light alloy Star-spoke style 365 wheels, standard with SE models.

SPORT PACKAGE.

■ Standard equipment □ Optional equipment

Interior equipment:

- Cognac/Black Bi-colour Exclusive Nappa leather
- Comfort seats
- Fineline Cognac, High-gloss interior trim
- Lumbar support

Alternatively, Ivory White/Black Bi-colour Exclusive Nappa leather, Dark Gray Poplar wood interior trim or BMW Individual upholstery and interior trims are available to order.

Exterior equipment:

- 19" light alloy Star-spoke 367
- Exhaust tailpipes in Black Chrome
- Front air inlets in High-gloss Black
- High-gloss Shadowline, exterior trim
- Kidney grille in Black with Chrome surround
- Rear bumper insert in High-gloss Black

Can be combined with other BMW 19" and 20" Light Alloy Wheels.

[01] Chrome trim elements give the interior a sophisticated and luxurious feel.

[02] Standard with the Sport package are Comfort seats shown here in Cognac/Black Bi-colour Exclusive Nappa leather (Ivory White/Black Bi-colour alternatively available).

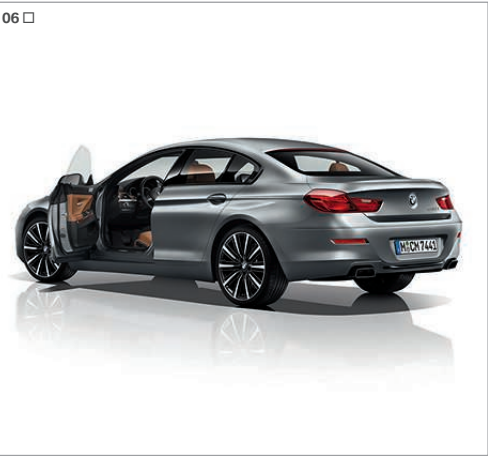

03 □

[03 | 06] The BMW 6 Series Gran Coupé with Sport package in optional Space Grey metallic with optional 20" light alloy Multi-spoke 616 wheels.

[04] Front air inlets in High-gloss Black.

[05] Standard illuminated door sill finishers and velour floor mats.

[07] 20" light alloy Multi-spoke style 616 wheels with run-flat tyres. Front: 8.5J x 20 with 245/35 R20 tyres. Rear: 9J x 20 with 275/30 R20 tyres.

[08] 19" light alloy Star-spoke 367 wheels with run-flat tyres. Front: 8.5J x 19 with 245/40 R19 tyres. Rear: 9J x 19 with 275/35 R19 tyres.

M SPORT.

■ Standard equipment □ Optional equipment

Interior equipment:

- Headlining, Anthracite
- Interior trim, Aluminium Hexagon
- M Sport multi-function leather steering wheel, three-spoke
- Sport seats, front

650i M Sport - additional interior equipment:

- Comfort seats, front with lumbar support
- Exclusive Nappa leather upholstery
- Interior trim, Finition Dark Grey Poplar, High-gloss

Exterior equipment:

- 19" light alloy M Double-spoke style 351 M wheels
- Brake calipers - Black, front and rear
- Bumper insert, rear, Dark Chrome
- Exhaust tailpipes, Dark Chrome
- Exterior trim, High-gloss Shadowline
- M aerodynamic bodystyling

650i M Sport - additional exterior equipment:

- Exhaust tailpipes - single, left and right, quadrilateral
- Kidney grille, Chrome with Chrome-fronted and Matt Aluminium-sided vertical slats

03 □

01 ■

[01] The M leather steering wheel with multi-function buttons and Aluminium Hexagon interior trim give the interior a particularly sporty feel.

02 □

[02] Sport seats for the driver and front passenger in optional Vermilion Red Exclusive Nappa leather combine perfect lateral hold with high comfort.

04 ■

05 ■

[04] Quadrilateral exhaust tailpipes, left and right, are standard on 650i M Sport models.

[05] The eye-catching M door sill finisher.

06 □

07 ■

08 □

[07] 19" M light alloy Double-spoke 351 M wheels with run-flat tyres. Front: 8.5J x 19 with 245/40 R19 tyres. Rear: 9J x 19 with 275/35 R19 tyres.

[08] 20" M light alloy Double-spoke 373 M wheels with run-flat tyres. Front: 8.5J x 20 with 245/35 R20 tyres. Rear: 9J x 20 with 275/30 R20 tyres

BMW Individual

The expression of personality.

BMW Individual Tanzanite Blue metallic paint and 20" light alloy V-spoke style 374i wheels.

The new BMW 6 Series Convertible. Inspired by BMW Individual.

Driving a BMW is, in itself, a mark of character. There are those who still, however, want their vehicles to be even more individual reflections of their own personality. The BMW Individual Collection and the BMW Individual Manufaktur meet these needs by opening up seemingly limitless possibilities for differentiation.

Precisely in tune with each model, the BMW Individual Collection offers a highly exclusive selection of equipment options. Fascinating paint finishes either refracting the light or with a matt effect. Leather, unique in colour and scope of application, perfected with clever contrasts and decorative stitching. And interior trims in the most exclusive fine woods, the immaculate piano finish and exquisite leather.

And yet even all this can be surpassed – thanks to the BMW Individual Manufaktur. Here, there is only one goal: realising almost any customer request, even the most personal, with stylish, hand-crafted perfection.

BMW Individual Full Merino leather in Opal White with contrast stitching.

BMW Individual Full Merino leather upholstery in Opal White with contrast stitching and BMW Individual Ash Grain White interior trim.

THE NEW BMW 6 SERIES GRAN COUPÉ, COUPÉ AND CONVERTIBLE.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] The third brake light is integrated across the width of the roof of the new BMW 6 Series Gran Coupé, adding an unmistakable accent to the rear.

[02] The LED fog lights assist the driver when visibility is poor.

[03] The heated rear window can be lowered independently of the soft-top. When the top is down, raising the rear windscreen enhances comfort for rear passengers.

[04] The wind deflector makes open top driving more pleasant by reducing draughts around the neck. When not in use, it can be easily stored in the boot.

[05] The glass sunroof lets plenty of light into the car, creating a comfortable airy interior.

[06] Adaptive LED headlights offers a greater resemblance to daylight and provides significantly better illumination and visibility than conventional system.

[07] The soft-top, available in three colours, automatically opens and closes at speeds of up to 25mph at the touch of a button.

[08] "Gran Coupé" is elegantly positioned in the Hofmeister kink.

[09] High-gloss Shadowline exterior trim gives a particularly elegant look.

[10] Kidney grille with Chrome surrounds and Chrome-fronted Black slats.

[11] 650i Sports exhaust in Black Chrome delivers a discreet or full-bodied and dynamic engine sound.

[12] Exhaust tailpipes, single left and right in Chrome are standard for 640i/640d models.

DISCOVER MORE EQUIPMENT FOR THE
NEW BMW 6 SERIES GRAN COUPÉ, COUPÉ AND CONVERTIBLE.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] Sport multi-function leather steering wheel with gearshift paddles and Pearl Chrome trim.

[02] The multi-functional instrument panel offers a unique visual display dependent on the selected Drive Performance Control mode.

[03] Launch Control is a function included with Sport automatic transmission, which enables maximum acceleration from a standing start.

[04] Eight-speed Sport automatic transmission is perfect for comfortable cruising through to a very dynamic drive. In addition to automatic gear selection, it is possible to change gears manually using the selector lever or gearshift paddles on the steering wheel.

[05] BMW Individual Sport leather steering wheel with wood inlay perfectly matches BMW Individual interior trim.

[06] The optional chassis control system Adaptive Drive offers the very best of both worlds when it comes to comfort and sportiness.

[07] The iDrive Touch Controller, shown here with optional ceramic finish, enables intuitive operation via the touch sensitive pad.

[08] The leather covered instrument panel with contrast stitching lends the interior a refined atmosphere.

[09] Ceramic finish for controls such as the gear lever, temperature and volume dials lend a particularly refined look.

[10] Real Time Traffic Information delivers instant traffic information on all roads and offers alternative routes if there are time saving benefits.

[11] Contrast stitching, complementing the respective upholstery colour, gives the interior an even more exclusive look.

[12] The intelligent emergency call provides a direct link to the local Emergency Services whenever needed – without the use of a mobile phone.

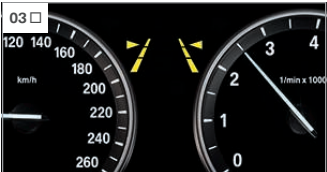

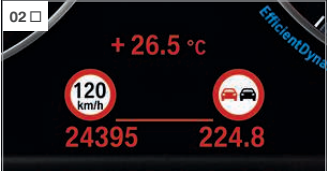

[13] BMW Professional Multimedia Navigation system offers an easy read 10.2" colour display. A quick start function, 20GB of memory, route guidance and 3D map navigation also included.

[14] Night Vision with pedestrian recognition warns when there are people or large animals on the road at night and represents the area in front of the vehicle as an infrared image on the Control Display.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] Full-colour Head-up Display projects important driving information directly into the driver's field of vision.

[02] Speed limit display, with no-overtaking indicator, provides information on temporary and permanent speed limits.

[03] Driving Assistant Plus includes the very latest warning and collision protection functions and offers assistance in busy traffic situations.

[04] Lane change warning monitors rear and side blind spots and gives warning with visual signals plus vibration in the steering wheel.

[05] Front Sport seats provide optimum lateral support thanks to pronounced contouring of the backs and sides.

[06] Air conditioning, automatic with two-zone control allows separate temperature adjustment for the driver and front passenger.

[07] Park Assist makes parallel parking easier. The car does the steering while the driver operates the accelerator and brake.

[08] Surround-view displays a birds-eye image of the car in the control display for enhanced all round visibility.

[09] Automatic air conditioning with four-zone control allows rear passengers to individually change their temperature.

[10] Enhanced Bluetooth telephone preparation with USB audio interface and Voice Control for wireless connection of a compatible mobile and USB connection of audio devices.¹

[11] Standard seats, front, electrically adjusted with driver and passenger memory.

[12] The B&O Advanced audio system enthral listeners with its full sound, illumination effects and extendible centre speaker.

[13] harman/kardon loudspeaker system with 600W digital amplifier, equalizer and 16 loudspeakers (Convertible: 12 loudspeakers).

[14] Front seat heating, with three settings, heats seat surface and backrest.

[15] Comfort seats for driver and front passenger, multi-adjustable including lumbar support and anti-whiplash head restraints.

[16] Ambient interior lighting illuminates door sills, pockets and trims, centre console storage compartment, bootlid and exterior door handles.

[17] The volume of the luggage compartment can be increased from 460 (Convertible: up to 350) to 1,265 litres by folding down the 60:40 dividable rear backrests.

[18] The through-loading system allows the rear seat to be folded down to a 60:40 split and offers variable transport options.

¹ For information on the compatibility of smartphones and other mobile devices, please see www.bmw.com/bluetooth

WHEELS AND TYRES.

■ Standard □ Optional

[01] 18" light alloy Star-spoke style 365 wheels, 8J x 18 with 245/45 R18 run-flat tyres.

[04] 19" light alloy V-spoke style 366 wheels with run-flat tyres. Front: 8.5J x 19 with 245/40 R19 tyres. Rear: 9J x 19 with 275/35 R19 tyres.

[07] 19" M light alloy Double-spoke style 351 M wheels with run-flat tyres. Front: 8.5J x 19 with 245/40 R19 tyres. Rear: 9J x 19 with 275/35 R19 tyres.

[02] 19" light alloy Star-spoke style 367 wheels with run-flat tyres. Front: 8.5J x 19 with 245/40 R19 tyres. Rear: 9J x 19 with 275/35 R19 tyres.

[05] 20" BMW Individual light alloy V-spoke style 374 I wheels with run-flat tyres. Front: 8.5J x 20 with 245/35 R20 tyres. Rear: 9J x 20 with 275/30 R20 tyres.

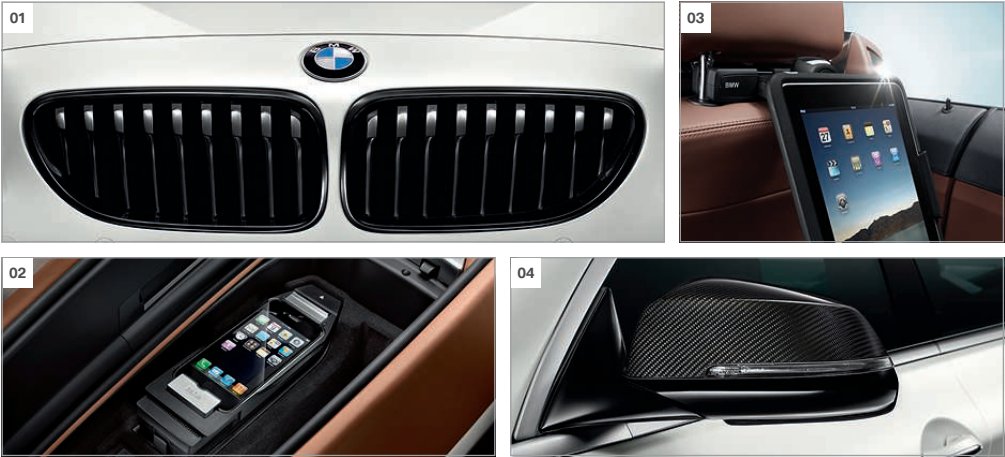

[08] 19" light alloy W-spoke style 423 wheels with run-flat tyres. Front: 8.5J x 19 with 245/40 R19 tyres. Rear: 9J x 19 with 275/30 R20 tyres.

[03] 20" light alloy Multi-spoke style 616 wheels with run-flat tyres. Front: 8.5J x 20 with 245/35 R20 tyres. Rear: 9J x 20 with 275/30 R20 tyres.

[06] 20" light alloy V-spoke style 356 wheels with run-flat tyres. Front: 8.5J x 20 with 245/35 R20 tyres. Rear: 9J x 20 with 275/30 R20 tyres.

[09] 20" M light alloy Double-spoke style 373 M wheels with run-flat tyres. Front: 8.5J x 20 with 245/35 R20 tyres. Rear: 9J x 20 with 275/35 R19 tyres.

GENUINE BMW ACCESSORIES.

[01] A powerful impression: the BMW M Performance front kidney grille in black is a striking, individual feature that emphasises the dynamic character.

[03] The Travel & Comfort system with Apple iPad holder ensures secure docking for the Apple iPad™ 2, 3 or 4. The holder snaps into the basic carrier, rotates through 360 degrees and can be angled as desired. Also available for Samsung tablets. (Not available with Sport seats).

[04] Dynamic look, individual accent: the striking BMW M Performance exterior mirror caps in carbon accentuate the high-tech character of the vehicle.

[02] Various snap-in adapters are available for current mobile phones. These enable docking and charging and telephone calls via a connection to the vehicle's aerial.

¹ The figure quoted includes a 90% tank filling, 69kg for the driver and 7kg for luggage. Unladen weight applies to vehicles with standard equipment. Optional equipment may increase this figure.

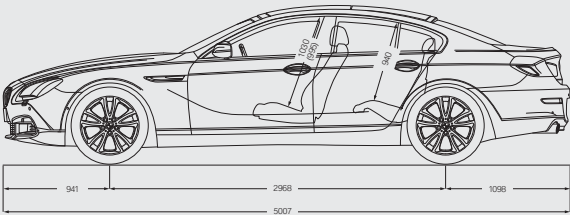

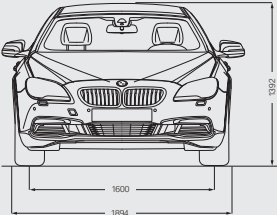

² BMW recommends the use of RON 95 super unleaded petrol. Unleaded RON 91 and higher with a maximum ethanol content of 10% (E10) may also be used. Output and consumption figures apply to RON 98 fuel.

³ All engines comply with the EU6 emissions standard. Fuel consumption is determined in accordance with

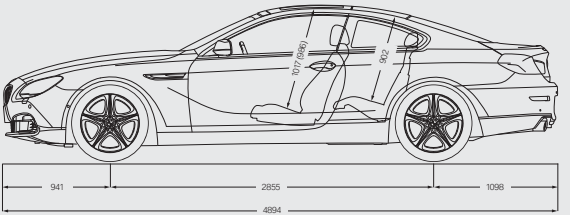

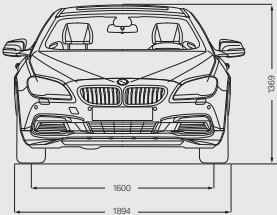

the ECE driving cycle (93/116/EC) made up of approximately one-third urban traffic and two-thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured in addition to fuel consumption. Optional equipment may increase these figures. Fuel consumption and CO₂ emissions figures depend on the selected wheel/tyre size. For further information consult your BMW Retailer.

THE BMW SERVICE CONCEPT:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. **Condition Based Service** tracks service fluids and parts subject to wear, and where appropriate indicates required service stops on the display. In combination with **BMW TeleServices**, the vehicle data collected by Condition Based Service are automatically transmitted to BMW. Your preferred **BMW**

BMW SERVICE INCLUSIVE.

BMW Service Inclusive:

Wouldn't it be good to know your comprehensive servicing costs in advance? Well, that's exactly what BMW Service Inclusive¹ provides and for a low one-off payment.

BMW Service Inclusive¹ lasts for 5 years or 50,000 miles (whichever occurs first) and covers all your vehicle's comprehensive servicing requirements. Alternatively you can choose BMW Service Inclusive Plus¹, which in addition to servicing also covers maintenance items such as brake pads, brake discs and windscreen wipers. And whenever

servicing and maintenance work is carried out on your BMW, you can be sure that it will only be done by fully qualified BMW Service Approved Technicians at one of over 150 BMW Service Authorised Workshops around the country. Furthermore, only Genuine BMW Parts are used – each covered by a two year warranty. BMW Service Inclusive and Service Inclusive Plus are transferable to subsequent owners within the time and mileage period, which can enhance the resale value of your car.²

BMW EMERGENCY SERVICE.

BMW Emergency Service. BMW Emergency Service is the only roadside and assistance programme designed specifically for BMW vehicles offering an exceptional range of benefits and services. It is available 24 hours a day, 7 days a week and utilises a dedicated fleet of BMW Approved Technicians, equipped with Genuine Parts and tools, ensuring that you and your vehicle receive the best possible care in the event of any motoring emergency.

This tailor-made programme has been specifically designed to meet the needs of BMW drivers travelling in the UK, Republic of Ireland and Continental Europe giving complete reassurance and peace of mind. Every new BMW is covered for three years.

THE BMW EXPERIENCE.

BMW News: To ensure you're one of the first to hear the latest BMW news and developments, BMW UK offer an email programme. Sign-up at: www.bmw.co.uk/newsletter

BMW World, an iconic building in the Munich skyline. The BMW World is a true brand experience where it's possible to marvel at the historic BMWs in the museum, learn about our engineers' newest innovations and take a tour of the plant to experience with your own eyes the cutting-edge and exacting methods used to create a BMW.

BMW Magazine: Every new BMW customer receives a complimentary subscription to BMW Magazine. This publication features all the latest news and developments from BMW, together with a variety of driving and lifestyle features.

Service Retailer can access the vehicle data. They will contact you when necessary to arrange a service appointment where the required repairs can be performed, using **Genuine BMW Parts**, so your driving pleasure can continue indefinitely. Worldwide, you can call on more than **3,300 Service Authorised Workshops** in more than **150 countries**.

BMW CONNECTED DRIVE SERVICES.

BMW ConnectedDrive Services.

A function using the built-in BMW SIM card to provide telematic and online services that are fully integrated into your BMW vehicle. All services require connection to a UK mobile network. Some services are available in other European countries. The range of ConnectedDrive Services that are available depends on the specification of the vehicle. The service duration varies depending on the ConnectedDrive Service.

For further information on BMW ConnectedDrive Services and terms and conditions please visit www.bmw.co.uk/connecteddrive-information

BMW FINANCIAL SERVICES.

BMW Financial Services: BMW Financial Services offers a range of solutions designed to help you drive the BMW of your choice. All our products offer you the flexibility to customise your finance, making driving away a BMW a reality. After all, who knows more about financing your BMW than BMW.

If you would like more information, visit www.bmwfs.co.uk. Here, you will also find details of our comprehensive range of products engineered for every eventuality.

You can view all of our current offers at the touch of a button using the BMW Financial Services Offers App. Download it now for free.

Finance is subject to status and available to over 18's in the UK only (not the Channel Islands or the Isle of Man). Guarantees and indemnities may be required. Advertised finance is provided by BMW Financial Services, Bartley Way, Hook, Hampshire RG27 9UF.

¹ Service Inclusive and Service Inclusive Plus are available as cost options. Terms and conditions apply, for full details speak to your retailer or visit www.bmw.co.uk/serviceinclusive
² For further information, please contact your local BMW Retailer.

SHAPING THE FUTURE – RESPONSIBLY.

In 2014, the BMW Group was once again listed in the Dow Jones Sustainability World and Europe Indices and thus ranked one of the most sustainable automotive companies worldwide. The development of efficient vehicle concepts and eco-friendly production processes, up to and including recycling, is an integral part of our engineering philosophy. Thanks to BMW EfficientDynamics, the CO₂ emissions of our European new-vehicle fleet have dropped by more than 30% since 1995. Over the period from 2006 to 2020 we are also aiming to achieve a 45% reduction in the amount of resources – such as water and energy – that our manufacturing operations consume. Since 2007, production in our engine plant in Steyr, Austria, has generated zero waste water. And of course each of our vehicles is designed for easy and economical recycling after its long running life. Please contact your BMW Centre on all matters regarding your end-of-life vehicle. For further information please visit our website.
